- **Valid** 14 February 2020 *set departure*

The LUANGWA VALLEY, which marks the end of the Great Rift Valley, is one of the last unspoilt wilderness areas and possibly the finest wildlife sanctuary in Africa. It covers an area of over 9000 sq. km. through which the meandering Luangwa River runs. The ox bow lagoons, woodland and plains of the valley host huge concentrations of game - including elephant, buffalo, leopard, lion, giraffe, hippo - and over 450 species of birds.

Join **David Rogers Photographic** for a photographic workshop you will never forget. David a well known wildlife photographer and author of several books, including Zambia Safari in Style owns this company. He or Nicky Silberbauer (also an established professional photographer within David's team) will often lead the safari. The leading photographer accompany you on all game drives, give advice, analyze results, and also look at how best to use Adobe Lightroom. In addition to wildlife, you will also look at landscapes, macro work, birds, insects, and people. This is a unique opportunity to benefit from the knowledge of a leading wildlife photographer and see the South Luangwa at its most colourful. Bring your own digital camera!

Day 1 On arrival at Lusaka International Airport you will be meet by our representatives and assisted onto your flight to Mfuwe, South Luangwa National Park, your home for the next week. A guide from Robin Pope Safaris will meet you and drive you to Nkwali through village life and even a chance for you to experience your first game viewing in the Luangwa. With an early arrival you will most likely be in time for a quick refresh and some scrumptious lunch then a quick siesta. Your afternoon activity will shortly follow as you properly start your Photographic Safari. **NKWALI**

Day 2-3 Your transfer to Nsefu is achieved by boat exploring flooding lagoons and visiting the heronry on your way up river. There is much to see and there will often be animals on the river bank watching the water float by. Light in the Emerald Season is much softer than in the drier months and gentle rays falling through ebony groves makes for some stunning photographs. While you are at Nsefu you will explore the park on foot and by boat - a visit to the huge yellow-billed stork colony is an excellent adventure. **NSEFU CAMP**

Day 4-7 Boat transfer down to Nkwali today, where you will spend your last few nights. You will often get up before dawn so you're in the park in time for the fantastic dawn light - luckily the camp has access to the park across the Luangwa River so it takes only a few swift minutes. You'll maximise your time in the park finding many subjects to photograph from the very small to the very big. After enjoying a delicious lunch, you can choose to relax during siesta or sort through your photographs and come to grips with Adobe Lightroom. After a refreshing cup of tea or coffee and scrumptious cake you go back to the park to find even more in the afternoon and evening, returning to camp for dinner around 20h30. Most evenings there will be a slideshow where you will get an illustration of some of the points taught or highlighted throughout the day, and you'll also have a chance to show off your best shots. **NKWALI**

Day 8 After an early breakfast you will be transferred back to Nkwali and then onto Mfuwe Airport for your flight to Lusaka to meet your connecting flight. **END OF SAFARI**
