

Zimbabwe has been named one of the most beautiful countries on the continent and it certainly lives up to that in spectacular style. Home to one of the world's seven natural wonders and the uncontested "adventure capital of Africa" – the magnificent Victoria Falls – and no less than four UNESCO World Heritage Sites, Zimbabwe's diversity and splendour is indeed remarkable.

There are fantastic game-viewing and other adventurous outdoor activities to be enjoyed across Zimbabwe, an unspoilt wilderness that is a favourite for travellers looking for authentic and uncrowded experiences. Mana Pools is renowned for its walking safaris and hosts one of the biggest wild dog populations in southern Africa, while the elephants of Hwange National Park enjoy free rein through a myriad of amazing landscapes. Matusadona presents a magical water wilderness and Kariba remains one of the largest man-made lakes in the world and treats visitors to the most breathtaking sunsets. Travellers to Gonarezhou are astounded by the red sandstone cliffs and thrilling big cat sightings, whilst Malilangwe is the place to see the "Big 5".

You will be met in the Arrivals terminal by a Robin Pope Safaris representative and escorted through to the Domestic terminal to your charter flight. If you have any problems the Robin Pope Safari contact number is +263 772 361 712.

### Medical

Malaria protection is imperative. Tetanus and hepatitis vaccinations are recommended. Please consult your regular doctor or travel clinic in your home country for up-to-date information. It is advisable to know your blood group type in case of emergency.

**Nut Allergies:** While our kitchen is fully capable of catering for most dietary requests, we regrettably are unable to cater for people with severe nut allergies as we cannot guarantee a completely nut free environment.

### Insurance

We ask that full insurance is put in place at point of confirmation. Please give us details as to the above. We expect every guest to have insurance that covers the following as a minimum:

- Cancellation and curtailment
- Medical costs (including full hospital costs if needed)
- Personal accident or death
- Emergency evacuation from the point of evacuation to the nearest best hospital and then back to the guest's home town. Family or travelling partner should also be covered for accompanying the evacuation.
- We cannot emphasize how important it is to be fully covered. Private hospitals in Africa will not accept a patient until full medical insurance has been established.

## Money

USD cash is accepted. It is advisable to travel with smaller denominations (ie 1, 2, 5 and 10 dollar notes) as change can be a problem. Credit cards are becoming more widely accepted but not in remote areas and should not be relied upon. John's Camp does not have a credit card facility in camp.

## What to Bring

Dimensions for luggage are 25cm (10 inches) wide and 30cm (12 inches) high. No wheels / frames / rigid structures are allowed.

For safety reasons a luggage weight limit of 20kgs per person (for hand luggage, camera equipment and checked bags). Additional fees may apply to overweight luggage. Extra seats can be booked for heavier luggage.

Passengers weighing over 100kgs will need to notify Robin Pope Safaris of their actual weight so this can be taken into consideration. Additional fees may apply to passengers weighing over 100kgs.

In the recent years we have had more and more guests arriving without their luggage. Unfortunately with new security at airports hand luggage is being restricted. However, where possible we recommend that you travel with anything essential (medication in particular, space glasses), and if possible a change of clothes.

## List of items to bring:

## Safety

Africa's wild animals are unpredictable and potentially dangerous. Photographic safari activities and staying in a safari camp place visitors in close proximity to wild animals. There is therefore an inherent risk to those persons wishing to undertake these activities. Whilst every care is taken by Robin Pope Safaris and its personnel to minimize exposure to risk, Robin Pope Safaris Zimbabwe (Pvt) Ltd bears no responsibility whatsoever for any loss, injury, illness, death, delays, cancellation of flights or change of itinerary and retains the right to alter, amend or cancel any part of a safari with just reason.

## Voltage

220-240 A.C. Hairdryers cannot be used at camps/lodges with generators but camera battery charging is fine.

## Dietary requirements

Please let us know any food allergies or any other special dietary requirements well in advance so the camp /lodge can accommodate you.

## Photography

Please be sensitive when photographing local people and their villages. Ask the guide or the villagers first. Be careful not to photograph public buildings and persons in uniform - again, ask first.

## Tipping

Tips are not expected but always enthusiastically received if you are happy with the service. Please always give tips for the camp/lodge staff to the management to be shared out and please tip your guides individually. When asked, 'How much?' we say for camp/lodge staff from US\$5 per person per night and for guides the same again.
